Dedication

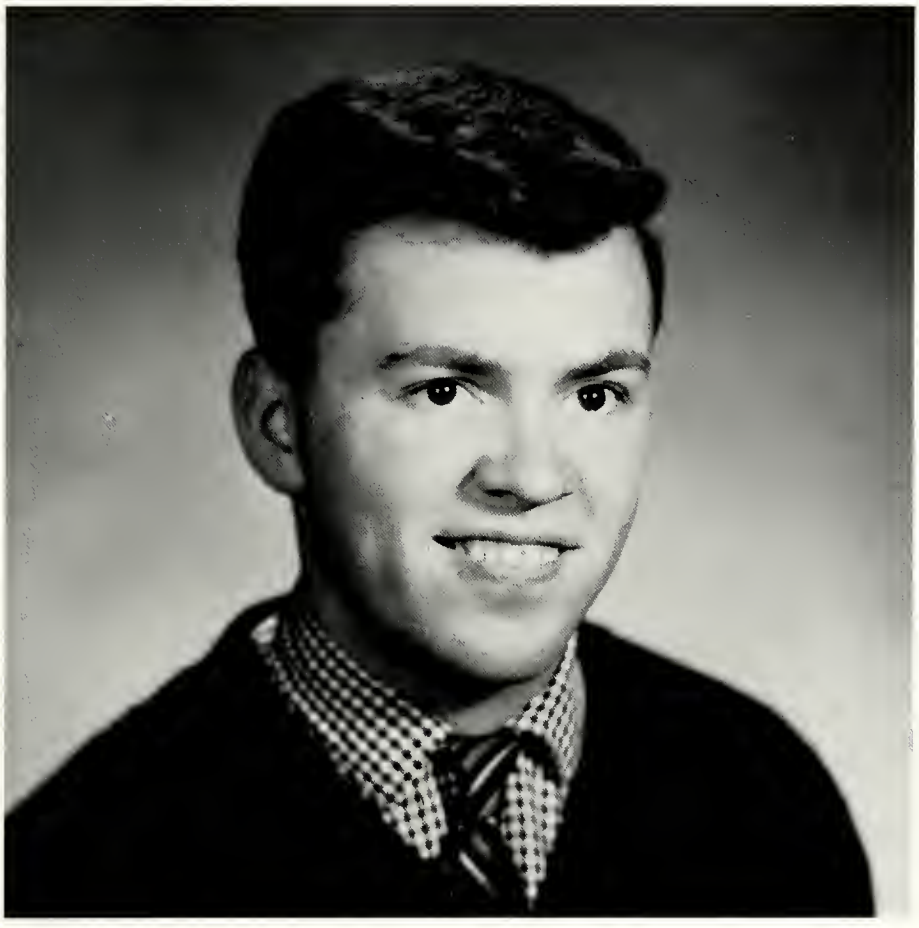
DR. SHELDON E. DAVIS
1919 President 1946
1946 President Emeritus 1964

With the passing of Dr. Sheldon E. Davis on December 21, 1964, Western Montana College lost a true friend, a public-spirited citizen, author, teacher, and educator. Gone is a man who believed in learning and in the values of the mind. His task had been hard, but a long life of service to education permitted the completion of the task he had set for himself and for the good of others. Truly, Dr. Davis was a man of large gifts, a man who in his position knew the price of failure as well as the incomparable reward of success. Being long the leader of our College, he strove to combine spiritual belief with the broadest possible personal development of the individual student. His wit was known to all who knew him, as were his view of the future and his kindliness.

Through depression and war he provided the inspiration many will not soon forget; he commanded respect by the example he set; he furnished a goal toward which we can strive. We who are confronted with the problems of education miss him, and we shall continue to miss him.

"Those having torches will pass them on to others."
—Plato—

In Memoriam



We, the Chinook Staff of 1965, dedicate this page to the memory of a friend and fellow student, Larry Patrick, who lost his life in a motorcycle accident during the winter of 1965. Although he had attended Western for only a short time, Larry was known and respected by many of Western's students and faculty members.

But such a tide as moving seems asleep,
Too full for sound and foam,
When that which drew from out the boundless deep
Turns again home.

—Tennyson—

Western Montana College Seal

The new school seal was adopted by the Associated Students of Western Montana College during the 1963-64 school year. The seal design was created by Duane Simon; the art work was done by Robert Sherman; and the school motto, "Education—Key to the Future," was translated into correct classical Latin by Father Bernard J. Sullivan.

President's Message

This book provides a link with the past year that extends into the future for so long as it physically remains and there are minds to interpret printing and pictures. For each of you it is an agency of stimulation to help you recall with varying clarity some of the things that were important to you in 1964-65. You cannot now know which memory will become sharper and which will fade; only the perspective that time provides will answer this for you. May this book always be one of your treasures.

John's greatest contribution to WMCE has been his ability as an actor. John received the Cobb Foundation Scholarship his senior year. He has been active in Gargoyles and Forensics, and his junior year he received an Advanced Honor Scholarship.

Larry McClung

Larry has become well-known for his ability on the cinders. He won three firsts in the conference meet of 1964; the 880, mile and two-mile runs. He also placed seventh in the NAIA national three-mile run.

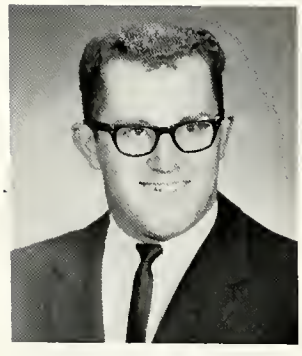
Chuck earned an honorable mention on the All-Conference selections of the 1962-63 season. Chuck has also starred on the baseball team.



Dick Maroney

Dick came to WMC from Flathead County High School in the fall of 1961. He has become the epitome of success for the Bulldogs football teams. He was selected as All-Conference offensive end as a junior and earned All-Conference honors as a defensive linebacker his senior year. Dick has also been a member of the Industrial Arts Club and plays baritone in the band.

Gary, a graduate of Sidney High School, has distinguished himself in many activities. As an athlete, he excels in football as well as basketball. He was selected as All-Conference defensive end in the 1963 campaign. An M-Club member for four years, he has also been active in Chanticleers.

Members of the Forensic Association confined their activities of the year to the campus, but they strove to emphasize the importance of effective public speaking to those who are planning to make their mark in a highly competitive society. The activities of the group centered around debate, oratory, extemporaneous speaking, and oral interpretation.

In the spring quarter, members sponsored Amber Lapham as a candidate for Miss Western and Miss Montana Centennial. Amber reached the finals in the very rigorous competition. Again this year Forensic members will be sponsoring Catherine Miller in a similar contest for Miss Western.

During the latter part of March of this year the Forensic group will be the unofficial hosts when Western entertains students from Bozeman, Butte, Anaconda, and surrounding communities in the Annual High School District Speech Meet on the Western campus. Western will join with the Beaverhead County High School in this activity.

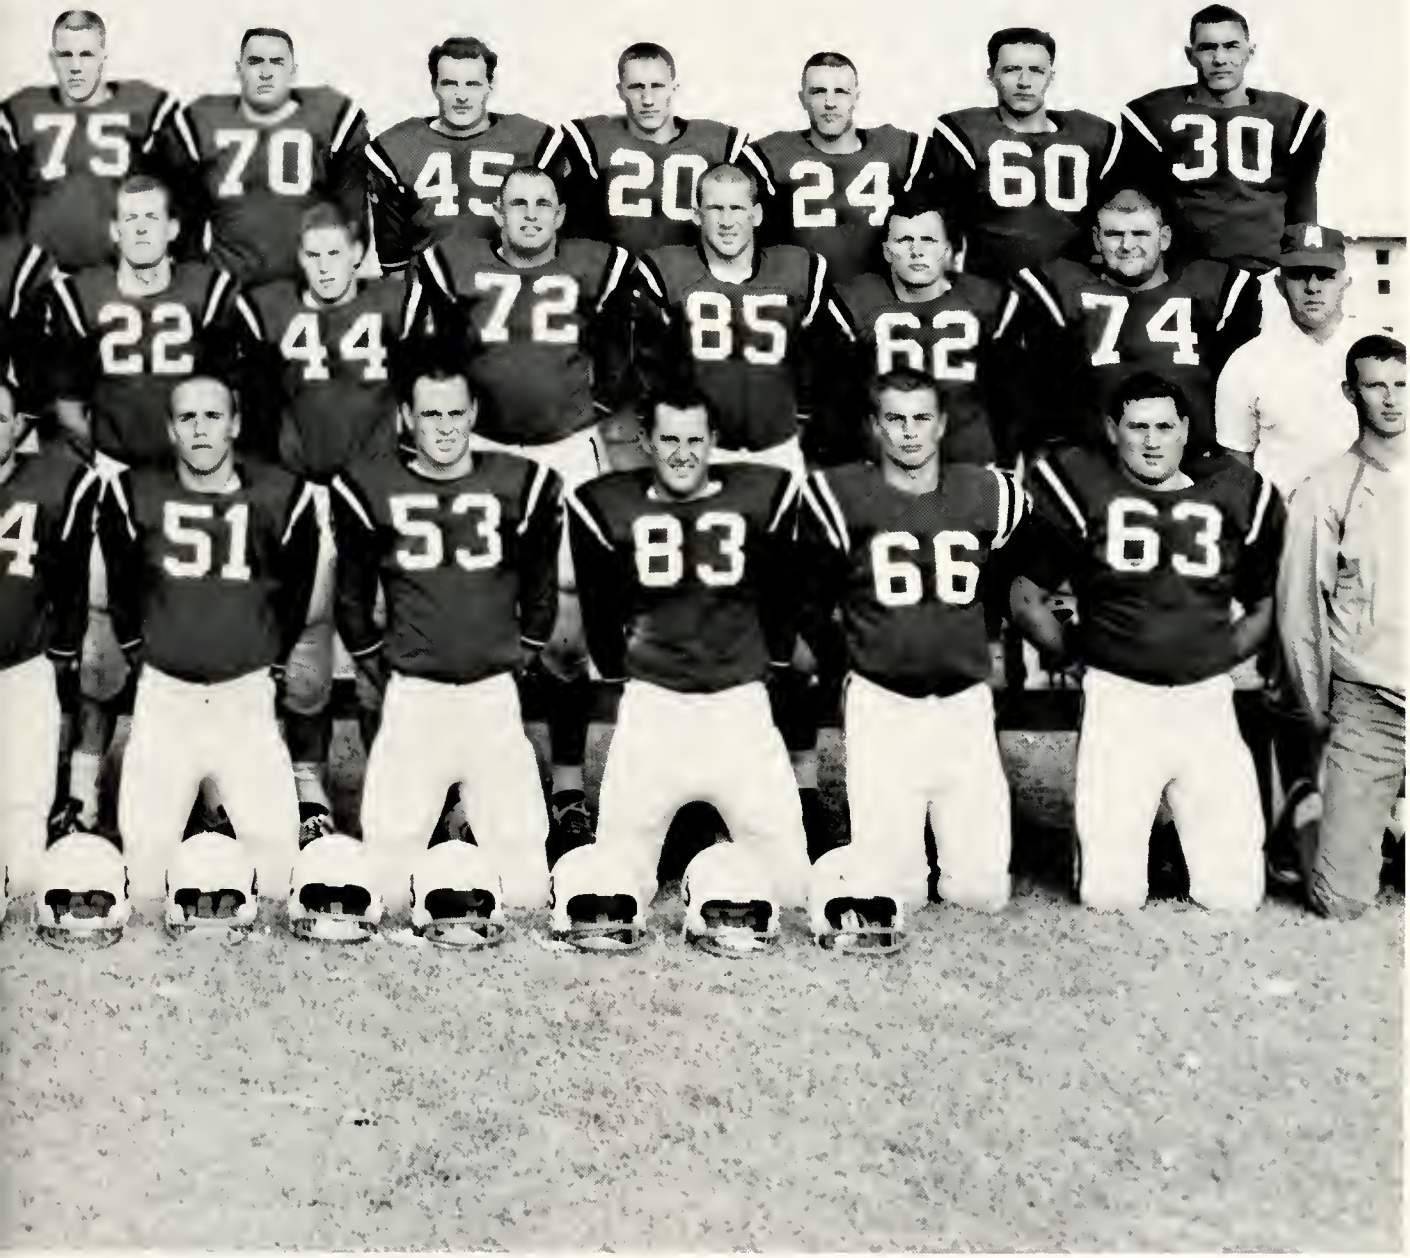
Western's Bulldogs



The Bulldogs of Western fought hard and furiously this year in an attempt to bring the school its fourth unprecedented MCC conference championship in as many years. Because of a great deal of injuries, and quite a few unlucky breaks, the team took a well respected 3rd place. The team battled desperately down to the last week of the season, and brought a great deal of excitement and honor to our school; a yearly tradition. Congratulations to the Bulldogs of 1964!

The Western Montana College Track Team, under the direction of Coach Frank Hoey, completed another successful season by winning the conference title. Along with this accomplishment, Western sent Cliff Neighbors, Larry McClung, and Jim Clairmont to Kansas City, Missouri, to compete in the N.A.I.A. National Track Meet.

Baseball Team 1964

Front row L-R: Ron Hamilton, Kevin Gregier, Jerry Scobba, Dave Bond, Howie Jackson, Larry Veis *Second row L-R:* Jerry Melton, Pat Rogers, Wayne Christensen, Ted Anderson, Larry Schmantz, Gary Galahan, Rich Fruhwirth.

The Western Bulldogs of the baseball world last year were not the top team in the MCC conference, but they provided the loyal WMC students with plenty to yell about with their spirit and determination. The team could have taken the championship easily, but their ability to hit with men on base was lacking. The past season's record was 6 wins and 11 losses. However, with a year's experience behind them, this young team shows great promise of bringing Western a championship, and another trophy to adorn our already crowded trophy case.

COST TO EDUCATE: $5,520

The cost of educating one Montana child has doubled in the last 15 years. Today it costs $5,520 to send one child from the first grade through public high school.

Where does the money come from to educate our children, build our schools and pay our teachers? From taxes — both individual and business.

Last year, for example, nearly 3 million dollars of the taxes Montana Power paid went directly into education.

That's enough money to educate 6,500 for a full school year. Or it would build 150 new classrooms, buy 750,000 textbooks or pay the salaries of 611 teachers for a full year.

None of our tax money was more wisely invested. For it helps to stimulate and enlighten the minds of our young people.

In their hands rests the future of our state.

VALUE YOUR EDUCATION

The Student, who early learns through the influence of his home-life to place scholastic achievement and knowledge high in life's ambition, is indeed fortunate.

He will not be among those drop-outs you hear so much about these days as presenting a serious national, social, and economic problem.

Students who do not finish high school are asking for the least out of life. Those who drop out of college may severely handicap themselves.

Technological progress, while creating many new jobs, requires more education and more skill. The simple fact is that better jobs await the schooled.

If students realize this, then that knowledge alone contributes to their education. That knowledge will beget knowledge which is the process of education and the end result is an enriched life.
